

# FACTS & FIGURES

EDUCATION IN NORTH CAROLINA

June 2025 Online Edition

## BEST NC's Vision:

Every student graduates with the knowledge, skills, and behaviors to succeed in a competitive global economy.

**BEST NC (Business for Educational Success and Transformation)** is a nonprofit organization created by business leaders who believe the future of our state's economy is inseparable from the quality of our education. North Carolina's education system must keep pace with the rapidly changing economic landscape of the 21st century. BEST NC supports the creation of the boldest education success story in America, one that nurtures the talents of every student, from early learning to post-graduate, by investing in students, teachers, school leaders, and innovation, and establishing high standards of success for all.

## Table of Contents

### **Children & Students.....Pages 4-16**

Who goes to school in North Carolina? Where do they go to school? How has this changed over time?

### **Educators.....Pages 17-33**

Who is teaching in North Carolina, pre-k through postsecondary? How do teachers enter the profession? How are educators compensated?

### **Schools & Programs.....Pages 34-41**

How many schools are in North Carolina? Where do students go to school from pre-k to postsecondary? What schooling options do students have?

### **Finance.....Pages 42-55**

How is education paid for in North Carolina? How is funding distributed? Are there funding inequities?

### **Achievement.....Pages 56-75**

How are students performing on state and national assessments? At what rate do North Carolina students graduate from high school and postsecondary programs? How are students performing in higher education?

### **A Note About Icons:**

Throughout *Facts & Figures*, graphs, tables, and other assets may be denoted by one or more of the three following icons:

#### **Updated Data Not Currently Available, Coming Soon**

Some of the data found exclusively in *Facts & Figures* are provided directly to BEST NC from state agencies. This year some of those data were delayed. In order to deliver this guide in a timely manner, it was printed before the data were updated. This icon indicates the affected assets, which will be updated in the online version as the data become available.

#### **COVID-19**

Many key education metrics were impacted by the COVID-19 pandemic and related school closures. The COVID-19 icon indicates data that may have been impacted by the pandemic, and we encourage the use of caution when interpreting longitudinal trends.

#### **myFutureNC**

The myFutureNC icon indicates key education performance measures directly tied to North Carolina's education-to-workforce continuum and the state goal of increasing educational attainment to 2 million by 2030. For more information visit: [myfuturenc.org](https://myfuturenc.org).

### North Carolina Population, by Age and Race/Ethnicity (2023)

**Source:** U.S. Census Bureau (2023), American Community Survey 1-Year Estimates, Table S0201

### Children Ages Three and Four Not in School (2023)

**Source:** U.S. Census Bureau (2023), American Community Survey 1-Year Estimates, Table B14003

# 72%

In 2023, **72%** of children in both the United States and North Carolina specifically lived in households where all parents were in the labor force.

**Source:** U.S. Census Bureau (2023), American Community Survey 1-Year Estimates, Table B23008

# North Carolina Preschool Enrollment and 0 to 4 Population, by Race/Ethnicity (2023)

**Source:** U.S. Census Bureau (2023), American Community Survey 1-Year Estimates, Table S0201

## Children Age Four Enrolled in State Pre-K (2022-23)

**Note:** 57% of eligible 4-year-olds in North Carolina are participating in NC Pre-K (see page 6 for information on eligibility). Enrollment data for eligible children are not available at the national level.

**Source:** NIEER 2023 State of Preschool Report; myFutureNC, NC Pre-K Enrollment

## North Carolina Pre-K Seats (2015 to 2025)

**Source:** NC Dept. of Health and Human Services, Division of Child Development and Early Education (Data Request)

## SECTION 1: Children & Students

### North Carolina Pre-K (NC Pre-K)

Since it was initiated in 2001, the North Carolina Pre-K program (formerly More at Four) has served more than 350,000 children. Students enrolled in NC Pre-K attend school for 6.5 hours per day, 180 days per year.

Families at or  
**BELOW 75%**  
of the state median  
income are eligible.

Children from families at or below 75% of the state median income are eligible to enroll in NC Pre-K, along with English language learners, children with developmental disabilities or chronic health conditions, and children of active-duty military members.

**36% OF NC  
COUNTIES**  
meet NIEER enrollment  
targets for NC Pre-K.

The National Institute for Early Education Research (NIEER) encourages states to enroll 75% of eligible children in state Pre-K programs. Approximately 36% of North Carolina's counties met NIEER's enrollment targets in 2022-23.

**Source:** NC Dept. of Health and Human Services, NC Pre-K Program; myFutureNC, NC Pre-K Enrollment

### North Carolina Subsidized Child Care

The Subsidized Child Care Program is a statewide child-care assistance program for low-income and other eligible families. This program helps families afford child care by sharing the cost. Most parents must pay a fee, depending on the size of their family and their income.

Families at or  
**BELOW 200%**  
of the federal poverty  
level are eligible.

The Subsidized Child Care Program helps families that earn at or below 200% of the federal poverty level to pay for child-care while they work or attend school.

**65,011  
CHILDREN**  
benefited from the Child  
Care Subsidy Program.

In November 2024, there were 65,011 children participating in the Subsidized Child Care Program, while another 4,125 eligible children were on the waiting list.

## SECTION 1: Children & Students

### K-12 Enrollment, by School Type (2013-14 to 2023-24)

**Source:** NC DPI Statistical Tables 1 & 3; NC Statistical Summary for Private Schools 2023-2024; NC Statistical Summary for Homeschools 2023-2024

### 10-Year Percentage Change in K-12 Enrollment, by School Type (2013-14 to 2023-24)

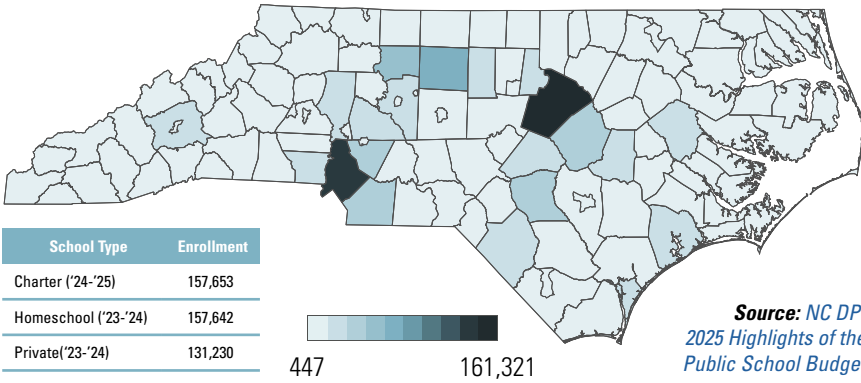

\*In 2012, the 100-school cap on the number of charter schools in North Carolina was lifted.

**Source:** NC DPI Statistical Tables 1 & 3; NC Statistical Summary for Private Schools 2023-2024; NC Statistical Summary for Homeschools 2023-2024

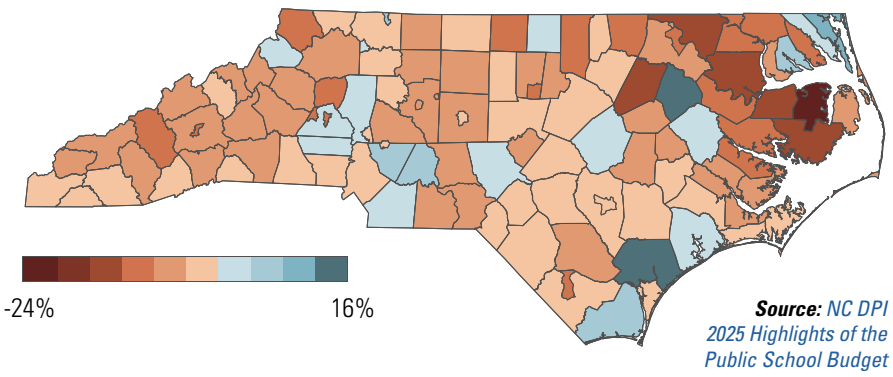

# K-12 Traditional Public School Enrollment, by District (2024-25)

In 2024-25, enrollment in K-12 traditional public-school districts ranged from **447** in Tyrrell County Schools to **161,321** in Wake County Public School System, with a median of **5,469** students.

**Source:** NC DPI 2025 Highlights of the Public School Budget

# Five-Year Percentage Change in K-12 Traditional Public School Enrollment, by District (2019-20 to 2024-25)

**3.4%**

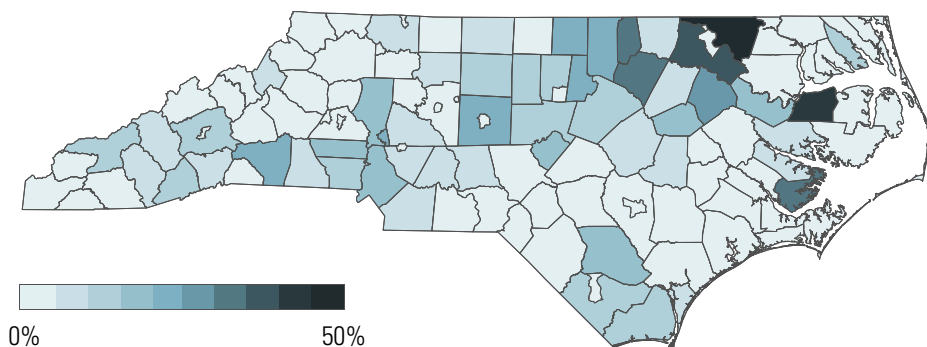

Overall enrollment in K-12 traditional public schools decreased by **3.4%** between 2019-20 and 2024-25, with **66 of 115 districts** experiencing a decline.

**Source:** NC DPI 2025 Highlights of the Public School Budget

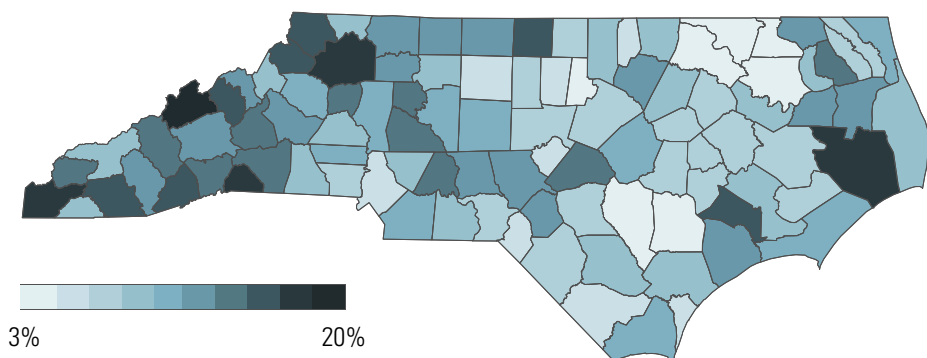

## SECTION 1: Children & Students

### Public Charter School Enrollment as a Percentage of Total K-12 Public School Enrollment, by District (2024-25)

**Source:** NC DPI Statistical Profile, Table B1

### Homeschool Enrollment as a Percentage of Total Number of K-12 Students, by County (2023-24)

**Source:** NC DPI Statistical Table 10; NC Statistical Summary for Homeschools 2023-2024

Between 2018-19 and 2023-24, the number of public charter school students increased by **35%** and the number of homeschool students increased by **11%**. In 2023-24, charter and homeschool students represented **8%** and **9%** of the total K-12 student population, respectively.

**Source:** NC DPI Statistical Table 10; NC Statistical Summary for Homeschools 2023-2024

## K-12 Public School Enrollment, by Race/Ethnicity (2013-14 and 2023-24)

Source: NC DPI Statistical Profile, Tables 10, 11, & 37

## K-12 Public School Enrollment, by School Type and Race/Ethnicity (2023-24)

Source: NC DPI Statistical Profile, Tables 10, 11, & 37

From 2014 to 2024, the number of Hispanic and Asian students in K-12 public schools increased by 50% and 61%, respectively. At the same time, the number of White students decreased by 11% and the number of Black students stayed about the same.

## K-12 Public Schools, by School Poverty Level and School Type (2024-25)

Source: NC DPI Data & Reports, Economically Disadvantaged Students

During the 2023-24 school year, **33,243** North Carolina students experienced homelessness, representing **2.2%** of all students in K-12 public schools.

## Homeless Youth, by Primary Nighttime Residence (2023)

Source: NC DPI Statistical Profile, Tables 1 & 3; McKinney-Vento Act (2022-2023), Ed Data Express

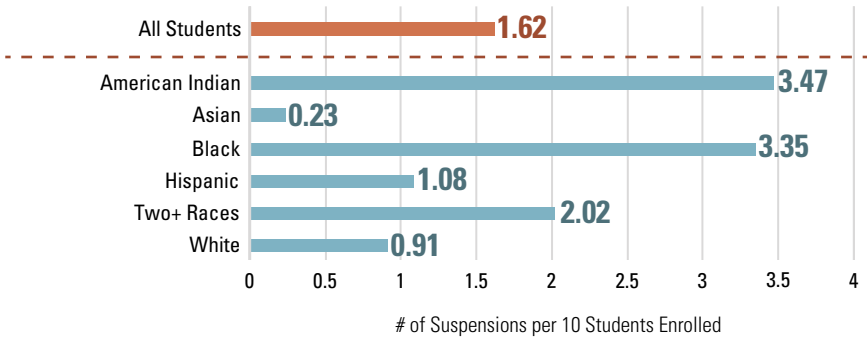

In 2024-25, **6%** of traditional K-12 public schools had fewer than **25%** economically disadvantaged students (EDS), while **16%** of public charter schools had fewer than **25%** EDS.

Source: NC DPI Data & Reports, Economically Disadvantaged Students

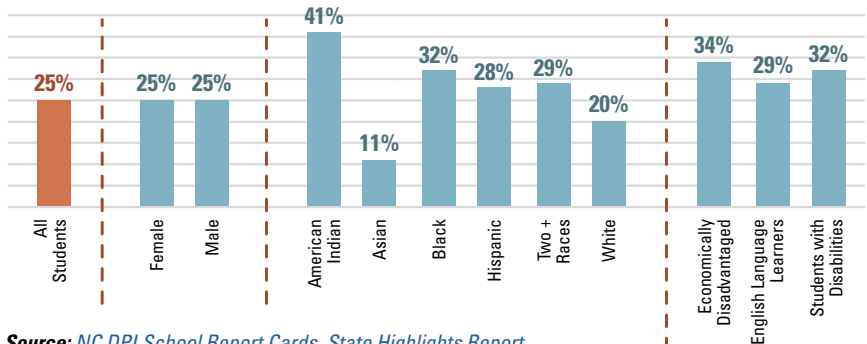

## Short-Term Suspension Rates in K-12 Public Schools, by Race/Ethnicity (2023-24)

Source: NC DPI Consolidated Data Report 2023-24

## Chronic Absenteeism\* in K-12 Traditional Public Schools, by Student Subgroup (2023-24)

Source: NC DPI School Report Cards, State Highlights Report

## Chronic Absenteeism\* in K-12 Traditional Public Schools (2017-18 to 2023-24)

Source: NC DPI School Report Cards, State Highlights Report

\*Chronic absenteeism is defined as students who are enrolled in a school for at least 10 days and absent for 10% or more of those days.

## SPOTLIGHT ON:

## Chronic Absenteeism in North Carolina

Since the pandemic, students have been increasingly absent from school. While improving somewhat, chronic absenteeism, defined as a student missing 10 or more days in a school year, has risen significantly nationwide and in North Carolina, compared to pre-pandemic levels.

In 2023, a National Center for Education Statistics (NCES) study found a direct relationship between absenteeism and declining math and reading scores. In North Carolina, reading scores remain below pre-pandemic levels and persistently high absenteeism rates are likely contributing to the slow recovery.

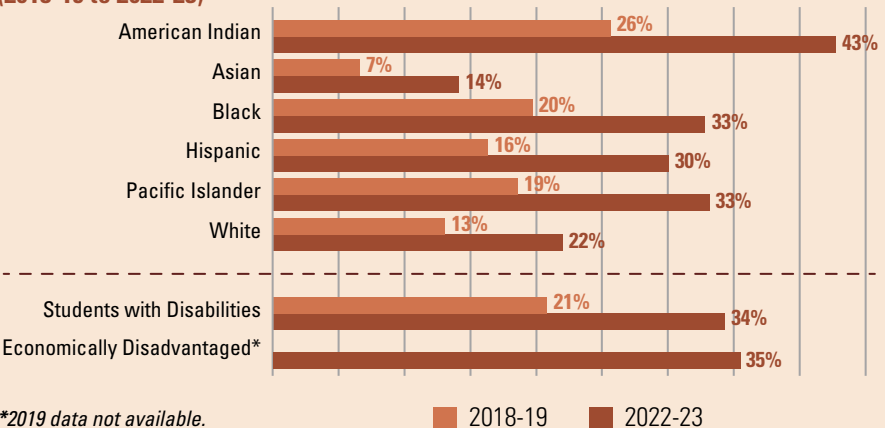

**16%-27% of math score declines and 36%-45% of reading score declines can be directly attributed to changes in absenteeism.**

**Figure 1: Percentage of Students Chronically Absent (2018-19 to 2023-24)**

Absenteeism has remained higher than pre-pandemic rates for all student groups:

**Figure 2: Percentage of Students Chronically Absent, by Student Subgroup (2018-19 to 2022-23)**

\*2019 data not available.

**Note:** State and Federal data during 2019-20 and 2020-21 for chronically absent students is generally unavailable due to the COVID-19 pandemic. Additionally, 2023-24 data is estimated pending on official reporting from states/districts.

## North Carolina Community College System Full-Time Equivalent Enrollment (Fall 2024)

Fall Curriculum Enrollment	
Career and Technical Education	83,028
Transfer and General Education	92,910
Special Credit	8,767
<b>Total Curriculum Unduplicated Enrollment</b>	<b>184,749</b>

  

Fall Continuing Education Enrollment	
Basic Skills	12,442
Workforce Development	44,202
<b>Total Continuing Education Unduplicated Enrollment</b>	<b>56,644</b>

**Note:** Many community college students enroll part-time, so the total number of enrolled students is substantially higher than the unduplicated full-time equivalent enrollment shown here.

**Source:** [North Carolina Community College System Data Dashboard](#)

## UNC System and North Carolina Independent Colleges and Universities (NCICU) Enrollment (1994 to 2024)

**Source:** [UNC System Interactive Data Dashboards](#); [NCICU \(Data Request\)](#)

## K-12 Traditional Public School (2023-24) vs. UNC System (Fall 2023) Enrollment, by Race/Ethnicity

Source: NC DPI Statistical Profile, Tables 10 & 37; UNC System Interactive Data Dashboards

## K-12 Traditional Public School (2023-24) vs. UNC System (Fall 2023) Enrollment, by Gender

Source: NC DPI Statistical Profile, Table 10; UNC System Interactive Data Dashboards

In 2023-24, 53% of UNC System students were White, while only 46% of K-12 public school students were White. In contrast, Hispanic students accounted for 19% of the K-12 student population, but only 9% of the UNC System enrollment.

## SECTION 2: Educators

### Early Childhood Educators, by Occupation (2013, 2018, and 2023)

\*Excludes special education. **Note:** Preschool Teacher data includes both public and private centers.

# 79%

The percentage of North Carolina educator preparation program completers who were employed in North Carolina public schools the next year rose from 71% in 2018-19 to 79% in 2023-24.

Source: NC DPI EPP Dashboard

## SPOTLIGHT ON:

## TeachNC – North Carolina’s Comprehensive Teacher Recruitment Initiative

TeachNC is designed to increase the quantity and quality of teachers in North Carolina by inspiring teaching candidates to pursue the profession and removing barriers that stand in their way.

First established in 2018 as a public-private partnership between BEST NC, TEACH, and the NC Department of Public Instruction, TeachNC was fully adopted by the state in 2022.

In 2023-24, TeachNC assisted **more than 3,700 individuals** in successfully applying to a NC Educator Preparation Program. During that same period, the platform added **over 35,000 new registered users**, increasing its total to 102,000.

**Figure 1: TeachNC-Supported Applicants to North Carolina Educator Preparation Programs, by Year (2019-20 to 2023-24)**

In 2023-24, TeachNC was tapped to disperse \$3 million in Governor’s Emergency Education Relief funding to prospective educators seeking a professional license. Through this initiative, TeachNC issued over \$930,000 in test preparation reimbursements, over 5,000 vouchers for Praxis testing fees, and nearly 4,000 Study.com licenses. These funds benefited **more than 7,000** current and aspiring North Carolina educators.

# 58%

of Users Reported an Increased Interest in Teaching After Using TeachNC.

# 48%

of Users Indicated They Would Not Have Applied to an EPP without TeachNC.

## Distribution of Preparation Routes for Newly Hired K-12 Public School Teachers (2015 to 2024)

**Source:** NC DPI State of the Teaching Profession and School Administrator Report (April 2025)

## Distribution of EVAAS Scores for First Year K-12 Public School Teachers, by Preparation Route (2023-24)

**Source:** NC DPI (Data Request)

\*Beginning in 2019-20, the route for alternate certification changed from lateral entry to residency licenses. The Residency/Lateral Entry category includes those teaching with an Emergency License or Permit to Teach.

# Teacher Apprenticeship in North Carolina

Exploring In-Classroom Preparation for the Next Generation of Teachers

Research has consistently found that teachers are the single-most important in-school factor for student success. Unfortunately, recent state-level data highlights serious challenges in North Carolina's teacher pipeline. In 2022-23, teacher attrition reached a seven-year high at 11.5% and in 2022-23, there were an estimated 6,000 teacher vacancies, with higher vacancy rates in hard-to-staff subject areas like math and special education and in higher-poverty districts.

Perhaps even more important, new teachers in North Carolina are nearly twice as likely to be underprepared for the job than they were just 10 years ago. In the 2022-23 school year, 41% of new teachers had no required teacher preparation or in-class experience before entering the classroom. On average, these teachers have higher turnover rates and are less effective than traditionally prepared teachers. They also create a vicious cycle that increase vacancies.

In 2022-23

41%

of new NC teachers had no formal teacher preparation or in-class experience before entering the classroom as the teacher of record.

BEST NC believes a robust, statewide registered teacher apprenticeship program can turn the vicious cycle described above into a virtuous cycle (see graphic below) by:

1. Reducing attrition and helping schools retain more of their teachers.
2. Addressing challenges created by the growing pipeline of new teachers who have no traditional teacher preparation or classroom experience.
3. Eliminating barriers to the teacher profession and recruiting candidates from the teacher assistant workforce and others who have not yet earned a college degree.

## K-12 Traditional Public School Teachers and Teacher Assistants, by Funding Source (2014-15 and 2024-25)

**Source:** NC DPI Statistical Profile, Table 16

## SECTION 2: Educators

### Distribution of K-12 Public School Students, Teachers, and Principals, by Race/Ethnicity (2023-24)

Source: NC DPI Statistical Profile, Tables 10, 16, 16.1, & 37; NC DPI (Data Request)

### K-12 Public School Teachers, Principals, and Assistant Principals, by Gender (2024-25)

Source: NC DPI Statistical Profile, Tables 16, 16.1; NC DPI (Data Request)

**37%** In 2024-25, 37% of all principals were male, while 22% of K-12 public school teachers were male.

## Average Years Principals Have Led Their Current K-12 Traditional Public School, by School Poverty Quartile (2023-24)

**Note:** Schools were sorted by their percentage of economically disadvantaged students and grouped into quartiles such that the number of schools was equal across each quartile.

**Source:** NC DPI (Data Request)

## Ratio of K-12 Public School Guidance Counselors, Nurses, and Psychologists to Students (2014-15 to 2023-24)

**Source:** NC DPI Statistical Profile, Tables 1 & 16; NC Dept. of Health and Human Services, School Nursing Support

The National Association of School Psychologists recommends a ratio of

**1 : 500**

The National Association of School Nurses recommends a ratio of

**1 : School**

The American School Counselor Association recommends a ratio of

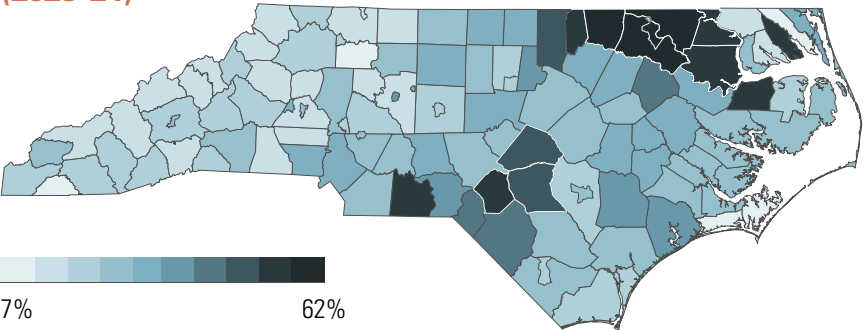

**1 : 250\***

\*Counselors do not include GearUp counselors and Community College coaches.

**Sources:** American School Counselor Association, *School Counselors Matter*; National Association of School Nurses, *School Nurse Workload, Staffing for Safe Care*; National Association of School Psychologists, *Shortage of School Psychologists*

# Percentage of Teachers Not Fully Licensed, by District (2023-24)

**Note:** Fully licensed is defined as having a Continuing Professional License (CPL). Teachers not fully licensed are those with an Initial Professional Licensed (IPL), who are generally beginning teachers, or those with other license types such as Residency, Visiting International Faculty, Emergency, or Permit to Teach.

**Source:** NC DPI (Data Request)

# Beginning Teachers\* and National Board-Certified Teachers in K-12 Traditional Public Schools, by School Poverty Quartile\*\* (2022-23)

\*Beginning Teachers are teachers with between 0 and 2 years of experience.

\*\*Schools were sorted by their percentage of economically disadvantaged students (EDS) and grouped into quartiles such that the number of schools was equal across each quartile. The lowest poverty quartile includes schools with 0-30% EDS, while the highest poverty quartile includes schools with 56-95% EDS.

**Source:** NC DPI School Report Card Data Set; NC DPI (Data Request)

## Average EVAAS Scores\* of K-12 Teachers Who Remained In and Departed From Public Schools, by Years of Experience (2023-24)

\*Teachers with EVAAS scores of zero are considered to be as effective as the hypothetical "average" North Carolina teacher.

Source: NC DPI 2023-24 State of the Teaching Profession Report

## Teacher Attrition Rates in K-12 Traditional Public Schools, by Teacher Category (2023-24)

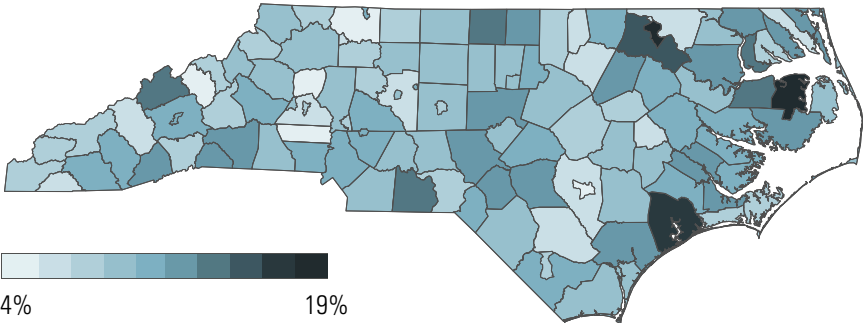

\*Residency Teachers and Temporary Licensed teachers also count as Beginning Teachers.

\*\*Temporary Licensed Teachers are those on a Permit-to-Teach or Emergency License.

Source: NC DPI 2023-24 State of the Teaching Profession Report

# K-12 Traditional Public School Teacher Departure Rates\*, by District (2022-23)

\*Departure rate is the sum of the percentage of teachers who left teaching in North Carolina and the percentage of teachers who switched districts.

Source: NC DPI 2023-24 State of the Teaching Profession Report

# Teacher Attrition Rates in K-12 Traditional Public Schools (2015-16 to 2023-24)

# Average Compensation (including Benefits) for K-12 Public School Teachers, by Years of Experience (2024-25)

In addition to state base salary and local salary supplements, there are several state and local opportunities for higher salaries (see below). For example, Advanced Teaching Roles\* can pay as much as \$20,000 more.

\*Advanced Teaching Roles (ATR) supplements are paid along a range. Supplements included in the chart reflect work in a Title I school.

**Note:** The teachers in these scenarios have 10 years of experience. Teachers 2, 3, and 4 are National Board Certified. Teacher 3 holds an ATR “Classroom Excellence” position and earns an additional \$3,000, while Teacher 4 holds an “Adult Leadership” position and earns an additional \$10,000 dollars.

**Source:** NC DPI Salary Schedules; NC DPI Statistical Profile; NC DPI 2025 Highlights of the Public School Budget; Current Appropriations Act of 2023; Supplemental Funds for Teacher Compensation Report 2025

## SECTION 2: Educators

### Average K-12 Teacher Salaries, Inflation-Adjusted to 2024 Dollars (2012-13 to 2023-24)

**Source:** 2023 NEA Rankings and Estimates Report; U.S. Bureau of Labor Statistics Consumer Price Index

### Average Local Salary Supplement for K-12 Teachers in Traditional Public Schools, by District (2024-25)

**Note:** Figures do not include funds from the Teacher Supplement Assistance Allotment. Three school districts offer no local salary supplements for K-12 teachers: Caswell County Schools, Graham County Schools, and Weldon City Schools.

**Source:** NC DPI Statistical Profile, Table 20

In 2023-24, the average K-12 teacher salary in **36 states** was below the national average.

**Source:** 2024 NEA Rankings and Estimates Report

### Compensation Distribution for K-12 Traditional Public School Teachers (2023-24)

### Compensation Distribution for the Private Sector in the U.S. South Atlantic Region (Sep 2024)

**Note:** Salary is defined as wages and salaries, paid leave, and supplemental pay. Benefits is defined as insurance, retirement contributions, and all other legally required benefits.

**Source:** NC DPI Statistical Profile, Table 27

**Source:** U.S. Bureau of Labor Statistics (2024), Employer Costs for Employee Compensation

### State Retirement Contributions for K-12 Traditional Public School Teachers and District Personnel, as a Percentage of Employee Salary (2014-15 to 2024-25)

**Source:** Current Operations Appropriations Act of 2023; U.S. Bureau of Labor Statistics (2024), Employer Costs for Employee Compensation

### State Health Coverage Contributions for K-12 Traditional Public School Teachers and District Personnel, Inflation-Adjusted to 2024 Dollars (2014-15 to 2024-25)

## SECTION 2: Educators

### Average Local Salary Supplement for K-12 Principals in Traditional Public Schools, by District (2024-25)

**Note:** Five districts have no local salary supplements for principals: Carteret County Schools, Caswell County Schools, Dare County Schools, Rutherford County Schools, and Swain County Schools.

**Source:** NC DPI Statistical Profile, Table 20

### Average K-12 Principal Salaries, Inflation-Adjusted to 2024 Dollars (2014-15 to 2024-25)

**Source:** NC DPI Statistical Profile, Table 20; U.S. Bureau of Labor Statistics, *Occupational Outlook Handbook 2023 – Elementary, Middle, and High School Principals*; NC DPI 2024 Highlights of the Public School Budget

# 16.1%

North Carolina public school principal attrition from September 2022 to September 2023 was **16.1%** (397 principals). Average principal attrition from 2018-19 to 2022-23 was **13.6%**.

**Source:** EPIC

## Cost of Living-Adjusted Higher Education Salaries for Instructional Staff in the U.S. Southeast Region\* (2023-24)

### Public Four-Year Institutions

### Public Two-Year Institutions

\*Salaries represent the average salary within each state for full time instructional staff, equated to a 9-month contract total.

**Note:** Florida is not included in the public two-year institution chart, as it did not report salary data for the current reporting year.

**Source:** NCES IPEDS Statistical Tables

## SECTION 3: Schools & Programs

### Licensed Child-Care Programs, by Star Rating (2023)

- Five Star Facilities
- Four Star Facilities
- Three Star Facilities
- Two Star Facilities
- One Star Facilities
- All Other Facilities\*

\*20,691 children are enrolled in child-care programs that are exempt from the star-rated license system. For instance, religious-sponsored child-care programs do not receive a star rating unless they choose to apply.

**Source:** NC Dept. of Health and Human Services, Division of Child Development and Early Education Statistical Summary Report, December 2023

In February 2025, **221,169** North Carolina children attended one of **5,321** licensed child-care programs: **4,280 (80%)** were child care centers and **1,102 (20%)** were family childcare homes.

**Source:** NC Early Care and Learning Dashboard

### K-12 Schools, by Type (2024-25)

Traditional Public	2,537
Cooperative Innovative High Schools	134
Public Charter	213
Regional and Lab Schools	8
Statewide: Deaf & Blind	3
Private	881
<b>Total Schools</b>	<b>3,642</b>

**Note:** There are also over 96,529 individual homeschools across North Carolina.

## Public School Units (2024-25)

There are  
**337 PSUs**  
in North Carolina  
as of August 2024

**Public School Units (PSUs)** include local education agencies (districts), public charter schools, lab schools, regional schools, and public residential schools.

*Source: NC DPI Financial and Business Services*

## K-12 Traditional Public School District Enrollment (2024-25)

North Carolina has **115** school districts (otherwise known as Local Education Agencies or LEAs). Districts range in size from **447** students to **161,321** students.

**5,469 Students**  
Median District Size

**11,998 Students**  
Average District Size

*Source: NC DPI 2025 Highlights of the Public School Budget*

**47%**

of K-12 traditional public school students attend one of the largest 10 school districts.

**Wake County** and **Charlotte-Mecklenburg** school districts each enroll more students than the **54 smallest districts combined**.

*Source: NC DPI 2025 Highlights of the Public School Budget*

In the 2023-24 academic year, North Carolina had **157,642** home-schooled students. If homeschooling were a district, it would be the second largest district in North Carolina.

*Source: NC DPI 2025 Highlights of the Public School Budget; NC Statistical Summary for Homeschools 2023-2024*

## SPOTLIGHT ON: School Safety & Discipline in North Carolina

In recent years, teachers, parents, and students have expressed growing alarm over school safety and discipline, as behavioral incidents and crimes in schools have increased. Among other reasons, disciplinary incidents are concerning because they result in lost instructional time.

In North Carolina, school discipline policies and practices are largely determined by local boards of education and therefore vary across the state. The NC Department of Public Instruction collects data on student behaviors leading to short- and long-term suspensions. In 2023-24, 99% of all reported incidents resulted from unacceptable behavior and were not a crime or violent offense.

### *Trends in Student Suspensions*

In 2023-24, 26% of reported behavior incidents were assigned a short-term suspension. Most of these resulted from a single incident, with less than one percent of short-term suspensions resulting from recurring or multiple incidents. Defiant Behavior accounted for 46% of short-term suspensions, while Assaults or Threats accounted for 28% of all short-term suspensions.

**Figure 1: Number of Unacceptable Behavior Short-Term Suspensions, by Incident Category (2023-24)**

Middle schools have the highest rate of suspensions, with an average of 286 short-term suspensions per 1,000 students, compared to 176 short-term suspensions per 1,000 students in high schools. Additionally, Black male students have the highest rate of suspensions with 20% receiving a suspension in 2023-24. Black male students accounted for 29% of all students suspended.

### *School-Based Crime and Violence*

In 2023-24, 26% of reported behavior incidents were assigned a short-term suspension. Most of these resulted from a single incident, with less than one percent of short-term suspensions resulting from recurring or multiple incidents. Defiant Behavior accounted for 46% of short-term suspensions, while Assaults or Threats accounted for 28% of all short-term suspensions.

Figure 2: Acts of Crime and Violence, by Category and School Level (2023-24)

State Efforts on School Safety

In an effort to ensure all North Carolina public schools and students are safe, North Carolina established two ongoing grant programs that provide state funding to public school units to support the hiring of new School Resource Officers and the purchasing of physical equipment to make schools more secure.

12,212  
acts of crime and violence  
were reported in NC  
public schools during the  
2023-24 academic year.

In 2021, North Carolina also established the Center for Safer Schools (CFSS). Given the increasing number of students facing disciplinary actions following the return to school after COVID, the CFSS is developing a discipline matrix to support school districts in crafting more effective discipline policies that will help ensure all students have an opportunity to learn.

## SPOTLIGHT ON:

### Increasing Costs of Teacher Benefits in North Carolina

In North Carolina, teachers are eligible for a comprehensive benefits package including healthcare and a defined-benefit retirement plan, also called a pension plan. Nationwide and in North Carolina, teacher retirement and healthcare benefits costs have risen sharply over the past two decades and require increasing levels of investment in order to maintain benefit levels and to fully fund pension obligations.

In 2023-24, these benefits cost the state an average of \$19,073 per teacher for retirement and \$7,557 per teacher for healthcare. Teachers are also required to contribute 6% of their annual salary to the state retirement system. Together, the benefits package reflects a 45% cost increase per teacher for every dollar invested in salaries. In other words, for every \$1 billion investment in teacher salaries, the actual cost to the state is another \$450 million spent on benefits.

For every \$1 spent on teacher salaries, the state spends an additional 45 cents on benefits.

Between 2013-14 and 2023-24, state expenditures on teacher benefits increased by 88% while state expenditures on teacher salaries have grown by just 33%.

**Figure 1: State Expenditure on Instructional Personnel, by Type (2013-14 to 2023-24)**

**Note:** Estimated Matching Benefits includes funds for Social Security, Retirement, and Hospitalization for position allotments for Classroom Teachers, Instructional Support, and School Building Administration.

**SECTION 4:** Finance

**State Education Funding in North Carolina**

North Carolina provides a base level of state funding to all districts, determined, in part, by the number of students enrolled, and provides additional state funding to districts based on student needs and district characteristics. In 2024-25, state spending on K-12 education was \$12.6 billion from all state sources, including the following allotments for special circumstances:

Source: NC DPI 2025 Highlights of the Public School Budget

\*This ranking is not adjusted for cost of living amongst states and does not include federal COVID funding.

Federal Education Funding in North Carolina

In most school years, roughly 10% of K-12 public education funding in North Carolina comes from the federal government. However, due to COVID-19 relief funding, federal funding accounted for 20% of K-12 public education funding in North Carolina in 2022-23. Traditionally, federal funds mainly support child nutrition, students with disabilities, and students from low-income households (Title I).

**Source:** NC DPI 2025 Highlights of the Public School Budget

Distribution of Federal K-12 Public Education Funds (2023-24)

**Note:** Does not include one-time COVID-19 relief funding.

**Source:** NC DPI 2025 Highlights of the Public School Budget

## Local Education Funding in North Carolina

In addition to state and federal funds, North Carolina counties provide local funding to supplement K-12 school “operations,” such as funding for teachers and other staff. Local funds are also used for “capital expenditures,” which help build, furnish, and maintain K-12 school buildings.

In 2023-24, local funds for school operations ranged from **\$1,137 per pupil in Harnett County Public Schools** to **\$8,822 per pupil in Chapel-Hill/Carrboro City Schools**, with a median of **\$2,587 per pupil** in districts across the state. In 2023-24, local dollars funded **27,520 positions** in K-12 public schools, including **6,703 service workers**, **6,349 teachers**, **1,875 teacher assistants**, and **804 assistant principals** across the state.

**Source:** NC DPI Statistical Profile, Tables 16 & 24

## Free Application for Federal Student Aid (FAFSA)

The Free Application for Federal Student Aid (FAFSA) must be filled out by anyone seeking federal aid to help fund their higher education expenses. This is a key metric for educational matriculation and attainment. In North Carolina, FAFSA completions range from between 35% and 39% in Anson and Richmond County Schools to greater than 70% in Columbus County and Weldon City Schools, with a median district completion rate between 50% and 54%.

### FAFSA Completion Rates, by District (2024-25 Cycle, through December 2024)

## SECTION 5: Achievement

### Statewide Assessments for K-12 Public School Students

In addition to the statewide assessments below, local districts often require multiple additional assessments, such as interim or benchmark tests, that provide educators with more information about student growth and achievement across the school year.

Test	State	Federal
K-3 Reading (Various Assessments)	✓	
3rd Grade Beginning-of-Grade Reading	✓	
3rd-8th Grade End-of-Grade Tests in Math and Reading, and also in Science for 5th and 8th Grades		✓
End-of-Course Tests in Biology, Math I, English II, & Math III		✓
ACT Testing Suite, Given in 10th and 11th Grades	✓	
Career and Technical Education (CTE) Assessments in CTE Courses		✓

**Note:** Assessments above are given to the majority of students in North Carolina.

**Source:** *NC DPI Testing and School Accountability, Technical Information*

### Achievement Levels on North Carolina End-of-Grade and End-of-Course Tests

Performance on North Carolina End-of-Grade (EOG) and End-of-Course (EOC) tests is broken down into four achievement levels.

Achievement Level*	Command of Grade-Level Knowledge and Skills	Indicates Grade-Level Proficiency	On Track for College and Career Readiness
5	Comprehensive	Yes	Yes
4	Thorough	Yes	Yes
3**	Sufficient	Yes	No
Not Proficient	Inconsistent	No	No

\*For NCEXTEND Alternate Assessments, student achievement levels are Level 4, Level 3, and Not Proficient.

\*\*Students performing at this level have a sufficient command of grade-level knowledge and skills, but may need academic support to engage successfully in the next grade level.

**Source:** *NC DPI Testing and School Accountability, Technical Information*

## Retention\* (Non-Promotion) Rates in K-12 Traditional Public Schools, by Grade Level (2013-14 and 2023-24)

\*Students were retained at the end of the academic year listed and remained in the same grade for the following school year.

Source: NC DPI Statistical Profile, Table 1

## College and Career Readiness\* of K-12 Traditional Public School Students, by District (2023-24)

\*College and career readiness is indicated by a score of 4 or 5 on all End-of-Grade or End-of-Course assessments.

Source: NC DPI Accountability Data Sets and Reports

In 2024-25, the overall student retention rate in North Carolina traditional public schools was 2.5%. Retention was **highest** in grade 9 (10.3%) and grade 10 (6.1%) and **lowest** in grades 4-8 (less than 1%).

Source: NC DPI Statistical Profile, Table 2

## SECTION 5: Achievement

**29%** of 3rd grade students in North Carolina public schools were on track for college and career in reading in 2023-24. 

Source: NC DPI Accountability Data Sets and Reports

## SPOTLIGHT ON:

# Math 3 Achievement in North Carolina

In the wake of the pandemic, academic achievement across the United States was negatively impacted by school closures, disruptions to learning, and the shift to remote education. While recovery has been slow in many areas, North Carolina student achievement in Math 3 is unique in that it is well above pre-pandemic levels.

### Recovery and Growth in Math 3 Achievement

In 2023-24, the percentage of students proficient on the Math 3 End-of-Course test (EOC) exceeded pre-pandemic levels (2019) by 10 percentage points.

**Figure 1: Math 3 EOC Achievement Rates (2019 to 2024)**

Increases in Math 3 proficiency has occurred across all student subgroups:

**Figure 2: Math 3 Students Scoring at or Above Grade Level Proficiency, by Student Subgroup (2019 and 2024)**

### Factors Contributing to Growth

The improvements in math may be due, in part, to North Carolina's automatic enrollment policy which increases enrollment in advanced coursework by requiring that all students with a qualifying EOC/EOG score be automatically enrolled in an advanced math course the following school year.

# National Assessment of Educational Progress (NAEP) (2024) 🌐

All states participate in NAEP, making it the most comprehensive measure of K-12 student achievement, trends, and state rankings across the nation. For more detailed data visit: [www.nationsreportcard.gov/profiles/stateprofile](http://www.nationsreportcard.gov/profiles/stateprofile) and [www.NCEdFacts.org](http://www.NCEdFacts.org).

		% of Students At or Above Proficient		
Grade	Subject Area	North Carolina	National Public Average	Highest Proficiency Rate
4th	Reading	30%	30%	40% (MA)
4th	Math	41%	39%	51% (MA)
8th	Reading	27%	29%	40% (MA)
8th	Math	31%	27%	37% (MA & WI)

**Note:** Use caution when interpreting aggregated student achievement data. NAEP exams are taken by a representative sample of all students. The makeup of the student population - including the percentages of economically disadvantaged students, students receiving special education services, and English learners - varies from state to state, and the performance of student subgroups is masked by aggregated achievement data.

## SPOTLIGHT ON:

# Middle School Math in North Carolina

A key focus of middle school math instruction is to prepare students for success in Math 1, which is the first high school math course for North Carolina students. Math 1 proficiency is recognized as a critical milestone for college readiness and lifetime achievement. Students who successfully complete Math 1 by the end of 9th grade are far more likely to graduate high school on time, enroll in postsecondary education, and pursue STEM-related careers. Conversely, students who struggle with Math 1 often face lower college completion rates and reduced earning potential in adulthood.

## Middle School Math Proficiency

In the latest National Assessment for Education Progress (NAEP) report on students' academic achievement in reading and math, North Carolina stood out as one of five states nationwide that significantly improved in 8th grade math, tying with Tennessee as the top-ranking state in the Southeast. Importantly, North Carolina outpaced or tied the national average in nearly all subgroups. While the recent NAEP results are promising, 8th grade math results remain slightly below pre-pandemic levels, and only 31% of North Carolina's 8th grade students are considered college and career ready in math.

**Figure 1: NAEP 8th Grade Math Proficiency (2009 to 2024)**

## Factors Contributing to Growth

In the 2018 -19 school year, North Carolina implemented an automatic enrollment policy for math. Beginning in fourth grade, the policy requires school districts to place students who score a five on their end of grade assessment into advanced math courses.

The improvements in middle school math may also be attributed, at least in part, to students' access to more rigorous course work, including explicit (directly taught) and systematic (presented in a structured, logical sequence) instruction in key mathematical concepts enabling students develop a strong foundation in middle school math content before progressing to more complex topics.

## Average ACT Composite Score, by Race/Ethnicity (Class of 2024)\*

Source: ACT High School Graduating Class Data Visualization Tool 2024

\*North Carolina requires all 11th-grade students to take the ACT. In many other states, the test is elective and typically is taken by a more college-going student population

Only **23%** of economically disadvantaged students had a 19 or higher ACT composite score in 2023-24, compared to **53%** of non-economically disadvantaged students.

## High School Diploma Integrity

The four-year cohort graduation rate in North Carolina public schools increased from **77%** in 2010 to **87%** in 2024. The integrity of North Carolina’s high school diploma is called into question when high school graduation rates are compared with ACT scores and End-of-Course exam proficiency. The majority of students graduate without achieving college and career ready standards in math, English, and biology, and without meeting the minimum ACT score required for admission into UNC System universities, with greater disparities for economically disadvantaged students.

## Our Vision

At BEST NC, we envision a North Carolina in which every student graduates with the knowledge, skills and behaviors to succeed in a competitive global economy.

**BEST NC's** mission is to unite an engaged and informed business perspective to build consensus toward dramatically transforming and improving education in North Carolina.

## BEST NC Board

### Board Members:

Bob Barnhill  
Jennifer Martineau, Ph.D  
David Neill  
Sara Spencer

John R. Belk  
Easter Maynard  
Anna Spangler Nelson  
Will Sutton

Brenda Berg, President & CEO  
Walter McDowell, Chair  
Chris William

### Emeritus Board:

Ann B. Goodnight  
Kelly King  
Art Pope  
John Replogle

### Board Advisor:

Richard "Stick" Williams
